

SPECIALIST GUIDE

Teko Shadrack Ntema

I am a Motswana citizen, born in Maun, Botswana. I am operating a mobile safari company "Wayei Safaris". I am specialised in the behaviour of the wild animals in their natural habitat – which makes our expeditions extra exciting

SKILLS

Wayei Safari mobile safari

I started working in the Okavango delta in different lodges from different departments, including professional guiding. I have specialists who are qualified to take the tourists on game drives, mokoro excursions and bush walks. In this way we educate you all about wildlife, animal behaviour and bush skills. Another interesting experience is following the tracks of the animals.

Certificate

- Specialist guide
- Assistant Professional guide
- Professional guide
- Ecosystem

MISSIE

Working with people from all nationalities and sharing the beauty of our animal-and cultural rich country with them
